but are usually declined by transients. Sergio Ibarra asked how the ANC can partner with CPAB members or neighborhood watch to stop illegal vendors. Officer Perry said vendors are advised of the rules and give one warning. A person is allowed to have 5 yard sales a year.

Lorena Bernal - Councilwoman Nury Martinez, In the last meeting Nury Martinez talked about the 30 marijuana dispensaries in Arleta. Lorena corrected that number up and said there were actually 5 dispensaries and two with cases pending against them. The Bureau of Sanitation environmental monitoring division reached out to the councilwoman about a tree planting project. The tree they will be planting is the ornamental pear tree. The Northeast Graffiti Busters will be in charge of watering the trees. \$12,000 will be paid over the next 44 weeks after the trees are planted. Lorena also spoke on the increase in homelessness. The encampment on Osborne and Wingo has been cleaned and a camera has been installed on a light pole to monitor the area. There are plans to beautify that area. Over the weekend someone had dumped a lot of oil. In regards to the cars for sale ordinance the law will be enforced once the Department of Transportation puts the signs are put up. Violators will have the vehicle towed without warning. James Kallas asked Lorena if the councilwoman has talked to the bureau of street services about putting a street sweeper on the Arleta business district. Lorena said Nury did talk with the bureau and is determining how much funding will be needed. James Kallas said the city should never again attempt to plant deciduous trees in the business district because they drop a bunch of leaves. Part of the problem is that storm drains get clogged and they end up on the river. There is already a lot of money being spent on river restoration.

Guy Newell - There is an opportunity for a new project for the arts in Woodland Hills. Macy's is leaving Woodland Hills leaving a big vacant building. The San Fernando Valley Art Council needs support from the ANC and all other neighborhood councils. The building could be used for an art museum because the valley needs a museum.

Community Improvement report from Julian Ramirez - The application for neighborhood watch signs has been approved by the LAPD and is being reviewed by the street lighting bureau. After they approve it will be sent to the Department of Transportation for final review. He spent 3 days going around Arleta taking pictures of the worst sidewalks in Arleta and found 20 of them. No meeting of the budget committee date yet, but one will be held soon. The Arleta Gateway Project sign has been paid in full. Tajo landscape is in charge of groundbreaking. The project was supposed to have been completed this past December and it hasn't even started. The contract will need to be amended. Tajo is in charge of everything. The department of neighborhood empowerment has no responsibility. The ANC

needs to follow up with Tajo and decide if it wants to continue with them or release them. Adhoc bylaws report from John Hernandez - He has asked the board five times to agendize the study session. Sergio Ibarra said he has contacted Pastor Bardo and has agreed on a tentative meeting date of February 7 or February 14. A notice will be sent out to board members. This item was continued.

10. Board member comments on items not on today's agenda

James Kallas - If the president has had the tajo contract since september why hasn't he brought it to the board so they could know what's in the contract. The board needs to know what's in the contract and be provided with more information.

Luis Sencion - He is a part of an organization called College Summit that encourages young people to attend college. They will be holding a fundraiser on February 7 from 9am to 1pm at 13431 Branford Street from 9am to 1pm. They will sell baked goods and sodas.

Saul Perez - If the rules are enforced for one they need to be enforced for all. When one does not follow then all should not follow. The president should know the rules and sets the bar.

John Hernandez - In regards to the Jeopardy program, Fernando Avila was not able to attend the meeting to talk to the board but will come for next months meeting. If the minute taker can't submit the time cards in a timely manner then it's time to look for another minute taker. He hopes the public attends the high speed rail meetings to voice their concerns. The city of Pacoima is working on developing a CERT program and Arleta should partner with them. Lastly, he thinks that a committee should be created to monitor the construction of the Arleta Gateway sign.

Max Foster - He agrees with the idea to create a committee to oversee the development of the Arleta Gateway sign. He agreed with Saul Perez' comments about the president needing to follow the rules and parliamentary procedure.

Julian Ramirez - If the board loses its spirit of unity then it won't be able to accomplish anything. It seems as if members only attend to fight each other. He reminded all that they are not perfect like the politicians who get paid to represent the community.

Motion/Discussion/Vote on a possible board action to appoint a chair for the Office Space Adhoc Committee and its members.

D.O.N.E has approved the councils current storage unit for use as a meeting location. Julian proposed the board look into an office space. He would be embarrassed asking stakeholders to meet at a storage space. John Hernandez went into detail about how he and James Kallas looked for the best option for the board. The board has all the office essentials at a third of the cost. Kelly Magallanes noted that it was important to keep the budget in mind and should spend money on the community and not 50% of it on rent. Saul Perez thinks the storage space is a good backup because it has 24 hour access. He hopes the committees can still meet at Kids Corner. Max Foster said if the board finds something more suitable for their needs then they can look into it. James Kallas said the board had looked for a meeting space but most were out of the boards budget. The storage locker is big enough to hold 22 people. Stakeholder Guy Newell said the board could use the soon to be vacant fire station 7, but the city is already planning to use the building to hold CERT classes. Ultimately the board decided to send item 13a and 13b back to community improvement committee

14. Motion/Discussion/Vote on a possible board action to purchase an informational bulletin board for Arleta NC notices to be installed at Beachy Elementary School in an amount not to exceed \$900.00 The outside bulletin board will be used to announce Arleta NC meetings, and events

The bulletin board would be ANC property. The bulletin board was agendized and approved by the board, but D.O.N.E didn't like that the board would be shared with Beachy elementary. The bulletin board is for the sole use of the council unless beachy has outreach materials. If the bulletin board is damaged or vandalized it would be the responsibility of the board to fix.
